

**Coach Larry Taylor**

**PE Teacher and Athletic Director**

**Bachelor's Degree in Sport Management with a concentration in Physical Education and Coaching**

**Master's Degree in Business Administration concentration in Executive Leadership**

Coach Taylor is an athlete himself as he played basketball all through college. But what I like the best is he is a people person, enthusiastic, loves to see children as a gift of God and encourage positive behaviors. Larry has a Bachelor of Science, Sport Management Concentration, Physical Education & Coaching and a Master of Business Administration (MBA) Concentration, Executive Leadership. Coach Taylor joined St. Charles in 2019 as the PE teacher and Athletic Director.

Coach Taylor is a fairly new teacher but he isn't new to coaching! He even started his own nonprofit organization named Vertical Vision. Vertical Vision is a non-profit organization bringing community outreach through sports to help youth understand their potential. Financial scholarships and clothes drives for youths in need. Basketball camps in locations such as Florida, Texas, Israel, and China. Travel basketball program with a focus on correct development.
